To whom it may concern,

**RE: Benson and Associates/3D Creative**

I am pleased to be able to lend my support to Benson and Associates/3D Creative. I have worked extensively with Jude Benson and her team, primarily in their role in developing the Rutherford's Den interactive exhibition at the Arts Centre.

Benson and Associates/3D Creative's work on Rutherford's Den showed that they are more than capable of delivering a multi-media based show in an innovative and compelling way. Highlights of their work in the Den, such as the "Rutherford ghost", continue to receive praise and amaze both tourists and students alike. Furthermore, the national touring exhibition about Lord Rutherford was successful and well-managed throughout its lengthy duration and across multiple venues.

I have no doubt that the undersea volcanoes topic will also attract audiences and succeed on the international circuit.

Yours faithfully,

Tony Paine  
Director, the Arts Centre
